

### ROPE CONTROL

Pull cord control allows for infinitely variable speed for lifting and lowering applications.

### PENDANT CONTROL

Pendant controls are machined from solid brass for corrosion resistance as standard. The control's emergency stop button is a standard feature. We also can offer a variable speed "paddle controlled" pendant and valve. Both standard and variable pendants are available in solid brass, and solid aluminum.

### REMOTE CONTROL PANEL

With lift synchronization that allows for operation of any one hoist, or a combination of multiple units simultaneously

### WIRELESS CONTROL PENDANT

Offered for standard environments, as well as spark resistant applications.
